I got whisky drunk last night and wound up saying
things that I never should have said
Lord I wish I could erase the fact that I woke up in
someone else's bed
If I had any sense at all I woulda never broke that
whisky bottle seal
Cuz my liver and your heart both seem to always get
the bad end of the deal

My whiskey drinking days are gone, I left the bottle on
your door
You can keep that purple bag, cuz I don't need it
anymore
Baby please just take me back, that's all I ever used to
say
But now I'm sayin my goodbyes to my whiskey drinkin
days

Girl I hear you when you're sayin that the bottle ain't the
place to lay the blame
But it's hard to make decisions when you can't even
remember your own name
I can't remember much of last night and it's been that
way for damn near 15 years
Well I ain't sayin that I'll quit drinkin I'm just trading in
my whisky for some beers

My whiskey drinkin days are gone, no more Canadian
no Scotch
If I'm pouring out my soul, it's cuz my life is on the
rocks
Baby please just take me back, just sounds a little too
cliche'
So I'm sayin my goodbyes, to my whiskey drinking
days

Baby please just take me back, That's all I really wanna
say
Instead I'm sayin my goodbyes, to my whiskey drinking
days.
