I had a dream and some wheels  
i was fishin' to leave  
daddy walked in, dead on his feet  
with grease on his hands  
and alot on his mind as always  
he picks up my bag, walked me to my truck  
a slap on the back, he wished me good luck  
gonna need it out there son  
you better put on your game face  
i could still hear him say

americas a tough town  
nothin worth havin ever comes easy  
roll up your sleeves  
goin' huntin down your dream  
but you'll have to take it  
cause' she ain't gonna hand it out  
no-oh america's a tough town

well i keep kickin in doors  
and they keep kickin me back  
it's like pushin a rope, they wont cut me no slack  
but i got mama's preyers  
and a fire down deep in my phone  
ya i gotta keep ahold

america's a tough town  
nothin worth havin ever comes easy  
roll up your sleeves  
goin' huntin down your dream  
but you'll have to take it  
cause' she ain't gonna hand it out  
no-oh america's a tough town

america's a tough town  
nothin worth havin ever comes easy  
america's a tough town  
roll up your sleeves  
goin' huntin down your dream  
but you'll have to take it  
cause' she ain't gonna hand it out  
no-oh america's a tough town

america's a tough town
