Everytime you walk by  
I get tangled up inside  
I think today's a good time  
To tell you how I really feel

Here's my heart don't break it  
If you want to take it take it  
Feel my hand it's shakin  
Is your heart beating as fast as mine

Chorus:  
When I see you I want to hold you  
Cause I need you I can't explain it  
Wantin every second with you in it  
It's crazy

You've broken my resistance  
I can't keep my distance baby  
You're my sweet obsession  
I just can't get enough of you

Chorus:  
When I see you I want to hold you  
Cause I need you I can't explain it  
Wantin every second with you in it  
It's crazy

When I see you I want to hold you  
Cause I need you to be my lover  
Wantin every second with you in it  
It's crazy
