Spending too much time on the wrong things  
And it wasn't right for me  
Spending too much time on the temporary  
It left me incomplete  
I'm over me now

These days i'll be loving you  
You will, find me loving you  
Never been so free loving you  
Cause of you, oh-oh-oh  
Loving you

Feeling every single emotion  
Any beating heart could know  
Feeling like I simply just need to adore you  
You satisfy my soul  
I'm into you now, yeah yeah yeah

These days i'll be loving you  
You will, find me loving you  
Never been so free loving you  
Cause of you, of-oh-oh  
Loving you

These days i'll be loving you  
These days i'll be loving you  
These days i'll be loving you  
Now you, yeah

These days i'll be loving you  
You will, find me loving you  
Never been so free loving you  
Cause you, oh-oh-oh  
These days i'll be loving you  
You will find me loving you  
Never been so free loving you  
Cause you, oh-oh-oh  
Loving you, Yeah
