Messed Up Good

Verse 1

She's a whiskey shot in your sweet tea  
She's a rock guitar at a symphony  
She's high heels and a dress in a pickup truck  
She's crazy, the girls messed up

Chorus

She's messed up, like the girl next door gone  
Hollywood  
She ain't right but that's just fine  
I wouldn't change her if I could  
Cause she messed up good

Verse 2

She's a total wreck but she's beautiful  
She's a tie dye shirt cause she's colorful  
She'll dance on the bar but she says her prayers  
She's a handful but I don't care

Chorus 1x

Bridge:

She's got me messed too,  
I love her big wild hair  
when she sings like cher  
and her don't care attitude

Chorus 1x
