Talkin' Bout Our Love

Verse 1

Couldn't leave well enough alone
Leave the world unbroken
Couldn't keep a good thing from going wrong
Leave the hurt un-open
Everything heavy lately, It's all come undone

Chorus

Talkin' bout our Love
All I really feel about you baby
It's tough, you know how I feel
I keep thinkin, did we fight, did we try,
Was it worth the last goodbye

Man, it's rough, givin' up, wonderin' did we do
Enough

Talkin' Bout Our Love

Verse 2

Everyday I set out to be, to be a little bit stronger
Every night I come home to see, the reminder
All that I've done is wasted
And everything is gone

Chorus 1x

Bridge

I never thought it'd be this hard
Your memory has made it's mark

Chorus 1x
