I got a feeling that you still love me girl
When you look in the mirror, I bet that you see me girl
Wherever you go, you know that I'm with you girl
Cause I'm still in your head
I'm still in your head
I'm still in your head

I was running round every single night
Didn't miss a beat of the club
I wasn't right
Wasn't showing of
Not thinking about us
Now that you're gone I can't stop thinking of

I miss your touch
I miss your eyes
I miss your lips
The way you smile
I miss you girl
Wanne kiss you girl

I got a feeling that you still love me girl
When you look in the mirror, I bet that you see me girl
Wherever you go, you know that I'm with you girl
Cause I'm still in your head
I'm still in your head
I'm still in your head

Regardless of what happend
Girl you got my love
And you can't walk away from something God has
planned for us
I can't help it I get wrong
From the bottom of my heart
I'm so sorry girl, don't wanne be appart

I miss your touch
I miss your eyes
I miss your lips
The way you smile
I miss you girl
Wanne kiss you girl

And do you feel the same way about me.

I got a feeling that you still love me girl
When you look in the mirror, I bet that you see me girl
Wherever you go, you know that I'm with you girl
Cause I'm still in your head
I'm still in your head
I'm still in your head
