So you wanna be a rock star
keep it going
don't stop
work it while you're on top
call the cops
rollercoaster riding baby
up and down
I love to watch you do it

I just want to get close to you
find out what it takes to move you
feel the rhythm
hit the spot
getting hot
all night long

all day long I dream about sex
and all night long I think about sex
and all the time I think about sex with you (with you)

all day long I dream about sex
and all night long I think about sex
and all the time I think about sex with you (with you)

all day long I dream about sex
and all night long I think about sex
and all the time I think about sex with you (with you)
