Ooh ooh ooh ooh,
Don't stop,
Ooh ooh ooh,

Don't you feel it when you close your eyes?
Use me, I know the way to paradise
Hey you, everything feels so right
in here tonight!
Don't stop, keep it going, don't stop, feeding me, don't
stop
What you doing, 'cause it makes us grind
turn it up, make it louder, it's the beat, underneath,
don't stop
'Cause we need to do it one more time

I'm not done so let it play, I need to feel it one more
time
Don't give up even if it's late,
when it feels so good, we do it one more time
Don't stop, what you doing, don't stop, yeah, I like it,
Don't stop, We'll keep it going till the lights come on
when
All the moments slip away at least we can say we did it
one more time

Listen
And you can navigate the dark
Follow every little beat of my heart
Take me 'cause I wanna be wherever you are
So don't stop, don't stop, don't stop
Ooh ooh

I'm not done so let it play, I need to feel it one more
time
Don't give up even if it's late,
when it feels so good, we do it one more time
Don't stop, what you doing, don't stop, yeah, I like it,
Don't stop, We'll keep it going till the lights come on
when
All the moments slip away at least we can say we did it
one more time

Don't stop,
Ooh ooh ooh,
Don't stop,
ooh ooh ooh,

I'm not done so let it play, I need to feel it one more
time

Don't give up even if it's late, (this feels so good?)
when it feels so good, to do it one more time

Don't stop, what your doing, don't stop, yeah, I like it,
Don't stop, We'll keep it going till the lights come on
when

All the moments slip away at least we can say, don't
stop

Don't stop, what your doing, don't stop, yeah, you'll like
it,

Don't stop, We'll keep it going till the lights come on
when

All the moments slip away at least we can say we did it
one more time

Don't stop
