[I.]

So little time, so little time  
I'm so frustrated  
Some little joy, so little joy  
It's complicated  
So little time, so little time time  
To work it on out  
(Yeah, yeah)

So little joy, so little joy  
It's complicated  
I feel I'm stumbling in the dark  
Somnambulated  
I feel my heart seeking the sparks  
I'm praying for love  
(Love, love)  
Praying for love

So little joy, so little joy  
It's complicated  
Some little time, so little time  
When your heart's been faded  
So little hope, so little hope  
I'm praying for love  
(Love, love)  
Is more than enough

[Chorus:]

Simply being loved, loved, loved  
Simply being loved, loved, loved  
Simply being loved, loved, loved  
Is more than enough  
(Yeah, yeah)

Simply being loved  
(Yeah, yeah)  
Is more than enough  
(Yeah, yeah)  
Simply being loved  
(Yeah)  
Is more than enough

[II.]  
So little joy, so little joy  
It's complicated  
So little time, so little time  
Be acclimated  
So little hope, so little hope  
And I'm prayin' now with love  
(Yeah)

So little time the pace has changed  
But I'm still waiting  
A thousand years of timeless days  
Somnambulating  
I'm stumbling wounded in the dark  
But I'm praying again for love  
Love, love...  
Prayin for  
Love, love, love  
Simply being loved  
Love, love...
