I go all to pieces at the sight of of you  
I tried to look the other way when you're around  
But that takes more strenght than can be found  
I just get weak as memories pass through  
I go all to pieces at the sight of you  
You've hurt me so many times that I've lost track  
Yet given half a chance I take you back  
You're the master of my life and there's nothing I can  
do  
I go all to pieces at the sight of you  
How could anyone control me so completely  
And make me do the crazy things I do  
Little things like forgiving you for being so untrue  
I go all to pieces at the sight of you  
[ steel ]  
How could anyone...  
I go all to pieces at the sight of you
