Can you take me to that special place?  
Something deep in my head  
I don't care if I, if I spend half the night  
Not knowing what I said, yeah

See, I'm living in this real world so long  
Need some time to get away way  
In the evening, not talking every day  
And only 'til I'm feeling right

Take me higher  
(Every time I think it will end)  
Till my body is flying  
(I'm getting closer, a little closer)

I wanna get higher  
(Always wanna do it again)  
'Cause I gotta keep tryin'  
(I'm getting closer, a little closer)  
To touch the sky

Here, I'm sitting on the edge of my thrown  
Feel like, feeling I'm alive  
It's the weekend, I've been working hard

And I'm out with the guys  
Little darlin's need to powder their nose  
Well, at least that's how the story goes

Take me higher  
(Every time I think it will end)  
Till my body is flying  
(I'm getting closer, a little closer)

I wanna get higher  
(Always wanna do it again)  
'Cause I gotta keep tryin'  
(I'm getting closer, a little closer)  
To touch the sky

Let's stay up all the night  
So we can party, I've got to party

I've got to party, yeah  
I've got to party, I've got to party

Take me higher  
(Every time I think it will end)  
Till my body is flying  
(I'm getting closer, a little closer)

I wanna get higher  
(Always wanna do it again)  
'Cause I gotta keep tryin'  
(I'm getting closer, a little closer)  
To touch the sky
