Stood here looked at my life  
That's what I've been doing by night  
Then I begin to doubt me, sometimes empty  
But then there comes a ray of light

See them look my way  
I've learned lessons living by day  
And now the will has found me to leave the worries  
And all that makes no sense behind

No more wasted time  
I will cherish all the essence of time

Oh, oh, oh, oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh, oh, oh, oh  
I'm gonna live as free as a teenager

Till that toll bell rings  
I won't give up anything  
Go where my spirit takes me  
And forever I'll never let this heart be still

So there's no more wasting time  
And I'll always have those memories of mine

Oh, oh, oh, oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh, oh, oh, oh  
I'm gonna live as free as a teenager

Sometimes I've been wrong, you don't need to tell me  
At times I'd giveaway but the at others well I've been  
strong  
I'll no longer let these little ups and downs affect me  
From now on I choose to be whatever makes me me

Oh, oh, oh, oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh, oh, oh, oh  
I'm gonna live as free as a teenager
