Back here at square one  
Like I just did the home base run  
Without winning any bases though  
All basic reasoning out the window  
Ron Browz shit, Erick Sermon style  
Like I got kicked off a cloud, Method Man, â€˜95  
Rap references because you get â€˜em all  
You even get that I should have said that it was â€™ 94  
(â€™ 93)  
Hard place when you wanna still rock to it  
Living in my glass house, steady throwing rocks  
through it  
I never stopped feeling the love for ya; I just stopped  
being the one for ya  
I think  
Too much  
Over analyzing everything sucks  
Iâ€™m over over-dramatizing everything but  
Youâ€™re never on the level Iâ€™m on, unless  
weâ€™re cut-ting  
Plus then we never argued when thrusting but then  
After all, it just turns to dust, brother  
Swear Iâ€™d never love another if this really worked  
out  
But this is just like watching fitness informercials from  
the couch, ouch  
I know, youâ€™re lazy  
Itâ€™s easier to pick a partner less crazy  
Much less work, less purpose, less of A to Z  
Cause Iâ€™m an alpha, bet itâ€™s hard to stay with  
me

Heart palpitations do still occur though  
You and me, some Merlot, situation blurs so  
Much I be thinking how this shit could actually work  
again  
It's even nice to have you back in my world as my  
friend  
Hey, sometimes I gotta say it simply (why)  
Cause sometimes things are simple (come on)  
We make it complicated for the win, B  
Cause otherwise we'd just be faced with all the n-  
words  
Inner child, inner space, inner monologue  
We exchange intercourse without a dialogue  
Introduce intimate ways to turn our fire off  
The thing in us that seeks the spark, light  
Higher, moth  
I still adore you; you adore me theoretically  
So now I gotta shut the door on you  
So I can find out who is next for me

You and me and everyone we know  
That's you and me and everyone we know

Cause you know, you're not gonna find what  
you're looking for  
Stay searching  
You and me and everyone we know  
It's you and me and everyone we know  
It's you and me  
You and me and everyone we know  
You, me, everyone we know  
You and me and everyone we know
