Don't mess with my Toot Toot  
Don't mess with my Toot Toot.  
I know you have another woman  
So don't mess with my Toot Toot.  
When I was born in my birth suit the doctor slap her  
behind

He said: You're gonna be special  
You sweet little Toot Toot.  
So you can look as much  
But if you much as touch

You're gonna have yourself a case  
I'm gonna break your face.  
So don't mess with my Toot Toot  
Don't mess with my Toot Toot.  
I know you have another woman  
So don't mess with my Toot Toot.

Don't mess with my Toot Toot  
Don't mess with my Toot Toot.  
Toot Toot - Toot Toot - I know you have another woman  
- Toot Toc  
Toot Toot - Toot Toot - I know you have another woman  
- Toot Toc  
Don't mess with my Toot Toot  
Don't mess with my Toot Toot...
