Gagarin,

I can move,
I can walk,
I can talk,
I can walk, I can talk, I can groove,
I can move so high in the sky.

I can move,
I can walk,
I can talk,
I can walk, I can talk, I can groove,
I can move so high in the sky, in the sky.

I fly in the sky, I fly in the sky, I fly like a sputnik,

Gagarin,

I can fly, I fly like a sputnik,
listen to the music spin,
around the planet and lets, dance together,

listen to the music spin,
around the planet and lets, come together, together,
together.

I fly in the sky, I fly in the sky, I fly like a sputnik,

Gagarin,

I fly in the sky, I fly like a sputnik, I fly like a sputnik,
I fly in the sky, I fly in the sky, I fly like a sputnik,
I fly in the sky, I fly in the sky, I fly like a sputnik,
I fly in the sky.
