Lord take me to an other place cause I can't see their  
tears no more  
Lord take me to an other place cause I cant't hear their  
cries no more  
I've given all that I can give I've done all that you've  
asked me to do  
Lord tell me what more can I do

Lord take me to an other place cause I can't feel their  
pain no more  
Lord please take me to another place cause I cant't  
stay here no more  
I've given all that I can give I've done all that you've  
asked me to do  
Lord tell me what more can I do

When you've given all you've got and you've done all  
you can do when you've said all you can say their is  
one thing more  
There is always one thing more there is always one  
thing more you can do There is always one thing more  
there is always one thing more you can do

You can

Raise your hands bow your head fall down to your  
knees and pray for them  
You can always Raise your hands bow your head fall  
down to your knees and pray for them you can always  
Prey prey you can always prey for them you can always  
Prey prey you can always prey for them

Cause When you've given all you've got and you've  
done all you can do Cause when you've said all you can  
say their is one thing more  
There is always one thing more there is always one  
thing more you can do There is always one thing more  
there is always one thing more you can do

You can

Raise your hands up high bow your head down low fall  
down to your knees and pray for them you can always  
Raise your hands up high bow your head down low fall  
down to your knees and pray for them you can always  
Prey prey you can always prey for them you can always  
Prey Lord take me to an other place
