You say you've found another another you love better  
You say you're gonna leave me pack up and go  
You don't wanna hurt me but you've just gotta have her  
And how will I take it you want to know  
If you can live with it I can live without it  
If you can face your conscience I can face my pride  
If you can live with it I can live without it I did the only  
thing I know babay I tried  
[ steel ]  
Can you really take your rings off without feeling kinda  
dirty  
Can you really kiss her while I'm wearing my name  
Can you run your fingers all across her body  
Without missin' me nd feeling ashamed  
If you can live with it..  
I did the only thing I know babay I tried
