I'm alright (I'm alright) I'm alright (I'm alright)  
I'm a little bit red in the eyes a little bit hurt in the heart  
A little bit weary in the soul but I'm alright (I'm alright)  
I'm alright  
You mean I'm worth the dime it took to call me on the  
phone  
Since when are you concerned about the way things  
are here at home  
We're doing just fine without you thank you me and the  
dog and the cat  
I don't care what you're doing and I care less where you  
are at  
Cause I'm alright (I'm alright)..  
The winds stay through December and that groceries  
on the shelf  
You're not here to take care of me so I'm taking a care  
of myself  
No I haven't got a job but I got a friend who does  
I know that don't sound much like me but I'm not the  
gal that I was  
I'm alright (I'm alright)...
