(Jimmy Hall)

Oh darling, how I wish that we could start out over  
I'd never ever be untrue  
Too many heartaches has caused my world to tumble  
And so my heart is crying bitter tears for you.

A broken heart is crying bitter tears for you  
Lord and all his angels know how I love you  
And oh how I remember the day we had to part  
You saw these bitter tears a flowin' from my broken  
heart.

--- Instrumental ---

A broken heart is crying bitter tears for you  
Lord and all his angels know how I love you  
And oh how I remember the day we had to part  
You saw these bitter tears a flowin' from my broken  
heart...
