I'm alright (I'm alright) I'm alright (I'm alright)
I'm a little bit red in the eyes a little bit hurt in the heart
A little bit weary in the soul but I'm alright (I'm alright)
I'm alright

You mean I'm worth the dime it took to call me on the
phone
Since when are you concerned about the way things
are here at home
We're doing just fine without you thank you me and the
dog and the cat
I don't care what you're doing and I care less where you
are at
Cause I'm alright (I'm alright)...

The winds stay through December and that groceries
on the shelf

You're not here to take care of me so I'm taking a care
of myself
No I haven't got a job but I got a friend who does
I know that don't sound much like me but I'm not the
gal that I was
I'm alright (I'm alright)...
