(Jeane Mosher - Lorraine Wilson)

I've just got to talk to Mary one more time
I must make her realize that he is mine
I must make her understand she can't steal away my
man
I've just got to talk to Mary one more time.

Got a letter from the lawyer that tomorrow
Everything I ever treasured will be gone
I can't let afford her free take the one I love from me
Let me plead with her and make her see it's wrong.

Oh, please let me talk to Mary one more time
Let me plead with her to give me back what's mine
For if she would let him go he'd come back to me I
know
I've just got to talk to Mary one more time.

--- Instrumental ---

Oh, please let me talk to Mary one more time
Let me plead with her to give me back what's mine
For if she would let him go he'd come back to me I
know
I've just got to talk to Mary one more time...
