(Larry Lee)

You're outstanding in your field and that's where you  
ought to be  
Outstanding in your field in quick sand to your knees  
You know he loves me true but you must tie him one  
more time  
You're outstanding in your field but you'd rather be in  
mine.

In the field of stealing love you're public enemy one to  
three  
The next two lips on your list are kissed by only me  
Love grows greener round my field and you're the  
jealous kind  
You're outstanding in your field but you'd rather be in  
mine.

You're outstanding in your field and that's where you  
ought to be  
Outstanding in your field in quick sand to your knees  
You know he loves me true but you must tie him one  
more time  
You're outstanding in your field but you'd rather be in  
mine.

--- Instrumental ---

You seen his arms around me across a fence from you  
Now you're wrapped in my green pasture and there's  
nothing you want do  
But I think you see you're coming and I can tell you're  
tryin'  
You're outstanding in your field but you'd rather be in  
mine.

You're outstanding in your field and that's where you  
ought to be  
Outstanding in your field in quick sand to your knees  
You know he loves me true but you must tie him one  
more time

You're outstanding in your field but you'd rather be in mine...
