I know you'll never loved me the way I love you  
And I'll always be second best to you  
But in my heart I'd rather have just part of you  
Than all of someone else for there's no one else like  
you  
I'd rather be the second one you've loved and not to  
know  
This feeling that I get each time you let me hold you  
close  
And anything to keep you with me I would do  
I'm glad that I can be second best to you  
[ steel ]  
If it's wrong to worship you then wrong I'll be  
No one else can do the things you do to me

And just what little time that you can spend with me  
Means more than all the rest though I'm only second  
best  
I'd rather be the second one...
