(Vic McAlpin)

What locks the door to the world you're living in
What kind of key do I need to get in
I tried anything solid gold to tin
What locks the door to the world you're living in.

You can't relive the past with the dream that's gone
You can't find love that will last in your world alone
A hurt so tall has built the wall where fate begins
What locks the door to the world you're living in.

What locks the door to the world you're living in
What kind of key do I need to get in
I tried anything solid gold to tin
What locks the door to the world you're living in...
