I don't have to live in a mansion or ride in a brand new car  
I just wanna be near you wherever you are  
And if you were locked in a prison I guess I have to cut the bars  
'Cause, baby, I have to be with you wherever you are

I don't wanna be a queen on a throne, I don't wanna be a big star  
I just want you to call me your own and never be very far  
You don't have to be a big hero, I love you just like you are  
I just wanna be near you wherever you are

I don't wanna be a queen on a throne, I don't wanna be a big star  
I just want you to call me your own and never be very far  
You don't have to be a big hero, I love you just like you are  
I just wanna be near you wherever you are  
I just wanna be near you wherever you are
