(Jimmy Wakely - Lew Porter - Franklin Tableporter)

Though we're apart you'll always have my heart  
You can't break the chains of love dear  
Wherever you go my heart will always know  
You can't break the chains of love.

For I will always love you  
I swear by the stars up above  
I'll be your slave till I am in my grave  
You can't break the chains of love.

--- Instrumental ---

For I will always love you  
I swear by the stars up above  
I'll be your slave till I am in my grave  
You can't break the chains of love...
