The news is out all over town that you've been seen out
runnin' round
I know that I should leave but then I just can't go you
win again
This heart of mine could never see what everybody
knew but me
Just trusting you was my great sin what can I do you win
again
[guitar]
I'm sorry for your victim now cause soon her head like
mine will bow
She'll give her heart but all in vain and someday say
you win again
You have no heart you have no shame you take true
love and give the blame

I guess that I should not complain I love you still you
win again
