"I Won't Talk About Her"

Visit "[I Won't Talk About Her](#)" on MotoLyrics.com

I'll tell you of my life, written down and so on
I'll show you the place that I came from
I'll sing of the madness that I see, I'll show you the
foolishness in me
All the promises that I made to last
The victories won, my love's gone past
My ego and my arrogance, futility and my innocence.
I'll confess to you all my blackest scenes
I'll give the key to my conscience
You can read on my secret break on my codes
Walk on the bright side of my road
I'll share with you these parts of me, shades of
mediocrity
Then you'll believe like I believe that something lacks
inside of me
But I won't talk about her, no I won't talk about her
She is right beside me when I wake
She is on my mind at the end of the day
But I won't talk about her, no, I won't talk about her
She's on my side even when I go wrong and the
inspiration in my song
Her presence lingers in the air, her presence lingers
everywhere
No I won't talk about her
She is there beside me when I wake
She is on my mind at the end of the day
She is on my side even when I go wrong
She's the inspiration in my song
Her presence lingers in the air, her presence lingers
everywhere
She is there beside me when I wake
She is on my mind at the end of the day
She is on my side even when I go wrong
She's the inspiration in my song
Her presence lingers in the air, her presence lingers
everywhere
She is there beside me when I wake
She is on my mind at the end of the day
She is on my side even when I go wrong
She's the inspiration in my song
Her presence lingers in the air, her presence lingers

everywhere
She is there beside me when I wake
She is on my mind at the end of the day
She is on my side even when I go wrong
She's the inspiration in my song
Her presence lingers in the air, her presence lingers
everywhere
She is there beside me when I wake
She is on my mind at the end of the day
She is on my side even when I go wrong
She's the inspiration in my song
Her presence lingers in the air, her presence lingers
everywhere
