You're so captivating  
I'm not contemplating  
keeps ya fascinating  
I just can't help going crazy  
so you're allowed to follow me boy  
stayin' undercover  
while you are my lover  
an' we will discover  
Refrain  
that my mind is goin' dirty  
indeed my thoughts won't stay uncovered  
Don't treat my badly

I tell you frankly  
don't treat me badly  
an' I will be all right  
an' this could be your night  
you gotta turn me on

if you ain't faulty I will treat you like you want it ev'ry  
day

I can be your lady  
I am playful baby  
I can get you to see  
that our loving's gettin' better  
I can see right through you  
when we just try to stay in practice  
gotta act like I do  
an' you'll feel the consequences  
so you can't make me blue  
of what can be when you're inactive

Refrain
