Boy what's up - enjoy me! Boy what's up - enjoy me!
Can't get no better
You won't be sorry if you try Boy what's up - enjoy me!
can't get no better
Sex me up
Baby, maybe, you think I'm still in love
It's over now, the end is near, my soul is free
I'm in for something new
Baby, maybe, I just don't get enough
Let me feel your kiss, so I can see
My mind is set on you Boy, take a chance on me
Come close to me and go on and on, babe Boy what's
up - enjoy me! You gotta get up'Cause I know how to
get you high
Boy what's up - enjoy me! Can't get no better
You won't be sorry if you try Baby, maybe, I won't be
always true
Just wanna try, how you make me feel
The way you touch my heart
Baby, maybe, you don't know what to do
So I start it up, and I make it real
We gotta play it smart Boy, take a chnace on me
Come close to me and go on and on, babe Boy what's
up - enjoy me! You gotta get up'Cause I know how to
get you high
Boy what's up - enjoy me! Can't get no better
You won't be sorry if you try Boy what's up - enjoy me!
you gotta get up
Boy what's up - enjoy me! can't get no better
Boy what's up - enjoy me! Boy what's up - enjoy me!
You gotta get up'Cause I know how to get you high
Boy what's up - enjoy me! Can't get no better
You won't be sorry if you try
