It doesn't matter what you wanna do now
I know that's been over a year
I ain't coming here to put you on lockdown, lockdown
Sometimes a girl needs more than a friend
Don't think of this as you coming back now
Just think of me as money to spend
And if you ask me one more time
I'll tell you to

Freak out
Don't be scared, let yourself go
Freak out
Got the goods yeah and we both know
Freak out
Let's make it feel like did before
Freak out, freak out, freak out, yeah
I just wanna go to place where you held me in the cold
warm
Like a blanket you never let me go
You never let me go
I just wanna feel the way you made me loose control (I
wanted to thank you)
Don't let me go
Say that you'll never let me go

All the matters is what I wanna do now
Let's take some time and go to that place
And afterwards promise there'll be no stick around
Stick around let's think of this
As your lucky day we already have a story
Just think of this of turning the page
And if you ask me one more time
I'll tell you to

Freak out
Don't be scared, let yourself go
Freak out
Got the goods yeah and we both know
Freak out
Let's make it feel like did before
Freak out, freak out, freak out, yeah

I just wanna go to place where you held me in the cold
warm
Like a blanket you never let me go
You never let me go
I just wanna feel the way you made me loose control (I
wanted to thank you)
Don't let me go
Say that you'll never let me go

I won't fall
I don't care
At all
I won't fall
I don't care
At all

I just wanna go to place where you held me in the cold
warm
Like a blanket you never let me go
You never let me go
I just wanna feel the way you made me loose control (I
wanted to thank you)
Don't let me go
Say that you'll never let me go
