I'm waking up-and you are there
Times are over when you had me out of breath
I think of you and have to say:

Every night,my god you're boring me to death
Oh Baby i am in for something
again and again

Oh Baby sex with you just didnt' do
Oh Baby don't believe that i was true
Go Back to your mum

Chorus:

i wont miss you babe thats all i know
get out of my life
go back to your mum
get out of my sight

You were once my love but its really long ago
I can't believe-it took so long

all the time you wre just longin'for your home
Also there you'll have to do it all alone

And then i hope-you understand
Oh Baby have a beer and watch tv

Oh Baby you're not many enough for me

Oh Baby i was just too blnd to see
Again and again
Go back to your mum
Chorus

get out of my life

Oh Baby i am in for something new
you were once my love but it's really long ago
Oh Baby sex with you....(s.o)
Chorus
