Played by the moonlight
It works my mind
Wherever I go
I lie alone
Can't wait for sunrise
Cause I know it's the night I'll be with you

Hard felt emotions
I close my eyes
It's warm in my soul
And everytime
You're left beside me
To lead you back to me my heart blows

I feel love
Baby I feel love
I feel love
Baby I feel love

See your reflection
I'm to your eyes
I'm takin home
I never felt so much affection
Now never in my life could I feel cold
Now never in my life could I feel cold

I feel love
Oh baby I feel love
I feel love
Baby I feel love
I feel love
Baby I feel love
I feel love
So much love

Ahh , ahh
Hey hey yah yah I feel love haha
I feel love

Baby I feel love
I feel love

You open up my heart in every way

Love

I feel love

Baby I feel love

I feel love

I feel love
