Ain't gotta be schoolin' Ain't gonna be foolin' That's what
I am teachin'. you see
Them guys I have heard of
They just cannot give love
That's not what I want to be Feel my vibes and come
into my tribe
An' sit down here
I wanna be near
An' don't be weak with me Chorus
Better give something that I will need
Love from start to finish
Let off some steam
You ain't good
I'd be sinkin' into sleep
Need you from start to finish
Like in my dreams Don't wanna see jerkin' You ought to
be workin' You cannot be stayin' so dry
I wanna feel sweatin' An' you can be bettin' That I'm
makin' some time pass by Feel my vibes and come into
my tribe
An' sit down here
I wanna be near
An' don't be weak with me Repeat Chorus Feel my vibes
and come into my tribe
An' sit down here
I wanna be near
An' don't be weak with me Repeat Chorus
