Tell me what I would have to do to win your love I  
wanna know what I can say So I won't have to wait all  
day  
I wanna give just what it takes to be with you I see - how  
it could be  
My way - leadin' to pleasure  
You know - lettin' it flow  
Stoppin' the show  
I feel it ain't to real  
You say - doin' some thinkin' I know it isn't so  
Goin' too slow Not givin' up when  
You're neglectin' The way that I feel  
I'm startin' to go mad Chorus  
Tell me what I would have to do  
To win your love  
Tell me how I need to behave to have enough I wanna  
know what I can say So I won't have to wait all day  
I wanna give just what it takes to be with you I pray for  
you to say  
Our love can be forever  
But you cannot be true  
That is not new  
You come - givin' me some  
Right here - more to discover  
Expect when we connect  
No need to act Not givin' up when  
You're neglectin' The way that I feel  
I'm startin' to go mad Tell me what I would have to do  
To win your love  
Tell me how I need to behave to have enough I wanna  
know what I can say So I won't have to wait all day  
I wanna give just what it takes to be with you (3x) I  
wanna give just what it takes to be with you
