You went away, I let you
We broke the ties that bind
I wanted to forget you
And leave the past behind

Still the magic of the night I met you
Seems to stay forever in my mind
The sky was blue and high above
The moon was new and so was love

This eager heart of mine was singing
Lover, where can you be?
You came at last, love had its day
That day is past, you've gone away

This aching heart of mine is singing
Lover, come back to me
Remembering every little thing
You used to say and do, I'm so lonely

Every road I walk along, I've walked along with you
No wonder I am lonely
The sky is blue, the night is cold
The moon is new, but love is old

And while I'm waiting here, this heart of mine is singing
Lover, come back to me
And while I'm waiting here, this heart of mine is singing
Lover, come back to me
