Looking at the reflections of myself
Without a mirror I see someone else
Your laughing at me 'cause you don't see my soul
You think the smile I wear says I'm happy but you don't
really know

Everydays a fight
Soon i'll have no tears left here to cry
Jump to the words I speak
When will somebody hear me

I'm talking, I'm pleading I need you to understand me
I'm screaming at the top of my lungs it's so hard (can't
you hear me)
Hear my lonely cry (i need somone to love me)
Hear my lonely cry (ooh)
Why Can't you hear me

I'm catching tear drops
When i hear the phone ring
I wanna say so bad what's really wrong,
What's hurting me
Im latching out im breaking down
Feels like my lifes crashed in around me
When I hear in the words i speak
Can you help me

Everydays a fight
Soon i'll have no tears left here to cry
Jump to the words I speak
When will somebody hear me (can you hear me)

I'm talking, I'm pleading I need you to understand me
I'm screaming at the top of my lungs it's so hard (can't
you hear me)
Hear my lonely cry (i need somone to love me)
Hear my lonely cry (ooh)
Why Can't you hear me

Sometimes I wish I could sleep forever
'cause when I sleep my life is so much better

So busy trying to please
Be what you want me to be
I dream when someone is gonna take care of me

I'm talking, I'm pleading I need you to understand me
I'm screaming at the top of my lungs it's so hard (can't
you hear me)
(i need someone to love me ooh)
Why Can't you hear me

Tell me it's gonna be alright
Ohh hear my cries
Ooohh please ohhh hooohh ohh
