(Ray Buzzeo)

Don't look at me that way you might destroy this
tortured mind
I haven't been kissed or held like this in such a long
long time
Don't hold me so close to you
And look at me I know what you're thinking of
Yes, I've been neglected and I'm starving for love.

I'm neglected by the one that once thrilled me in
everyway
Neglected and with temptation I grow weaker by the
day
So don't hold me close to you
And look at me I know what you're thinking of
Yes, I've been neglected and I'm starving for love.

--- Instrumental ---

I'm neglected by the one that once thrilled me in
everyway
Neglected and with temptation I grow weaker by the
day
So don't hold me close to you
And look at me I know what you're thinking of
Yes, I've been neglected and I'm starving for love...
