One, two, three, four
One, two, three, four
One, two, three, four

Waking up here to another day
Seems like the drama never goes away
I'ma take it, I'ma face this
'Cause ain't nobody that could handle my own business

I don't give a damn what they gotta do
To me 'cause I'ma keep it true
You don't like me, that don't phase me
You can try but you ain't never gonna change me

This goes out to all the fly girls
Don't let this bullshit rock your world
Don't get caught up, let your hair down

Oh baby, dance, dance, dance the night away
You gotta work, work, work that thing on me
'Cause we can't waste no time livin' life that way
So baby, move, move keep it hood and let it go

One, two, three, four
One, two, three, four

All the stuff that you gotta go through
Goes then leaves damaging you
It ain't worth it, don't deserve this
Things are gonna get better just work it

These phonies judging you
Can't fit in one of your shoes
Don't be stressin', no more playin'
Show them how you're gonna shake off what they say
and

This goes out to all the fly girls
Don't let this bullshit rock your world
Don't get caught up, let your hair down

Oh baby, dance, dance, dance the night away

You gotta work, work, work that thing on me
'Cause we can't waste no time livin' life that way
So baby, move, move keep it hood and let it go

No matter what they do, it's gon' be alright
Put on your player shoes and dance tonight
Let it flow, let 'em know, let it go

No matter what they do, I'ma keep it tight
I dunno know about you baby it's my night
Let it flow, let 'em know, let it go

This goes out to all the fly girls
Don't let this bullshit rock your world
Don't get caught up, let your hair down

Oh baby, dance, dance, dance the night away
You gotta work, work, work that thing on me
'Cause we can't waste no time livin' life that way
So baby, move, move keep it hood and let it go

Baby, dance, dance, dance the night away
You gotta work, work, work that thing on me
'Cause we can't waste no time livin' life that way
So baby, move, move keep it hood and let it go

One, two, three, four
One, two, three, four
One, two, three, four
One, two, three, four
One, two, three, four
One, two, three, four
