Like a storm your love swept through me and I was left
up for dead
But when the storm was over a voice within me said
At least I've got these mem'ries they'll shield me from
the cold
At least I've got these mem'ries they'll be with me when
I'm old
Oh I was warned about you to stay out of your way
Now when I hear I told you my lips just have to say
At least I've got these mem'ries they'll shield me from
the cold
But when arms ache for you these memories are hard
to hold
