Everything changes  
You know even the seasons  
If things are going wrong  
We need to sit down and talk  
'Cause if we don't face this soon

See the sun is going down  
(You're gonna live for me and now I'm gone)  
And I'm falling out of love  
(Yeah yeah yeah)  
I don't want to put you down  
(Yeah yeah)  
'Cause you taught me how to love  
And like a bee, I need your honey  
(I need you, I need you)  
'Cause I'm hungry you started me  
Listen

We need to take some time and talk about  
(What's going wrong?)  
The communication lines are getting weak  
(They used to be strong)  
We gotta get back the time when your eyes used to  
smile  
Every time  
(They laid on me)  
Like a pillow on a bed so comfortable  
This is an emergency can't you see you're losing me?

Said the sun is going down and I'm falling out of love  
(Hmm)  
I don't want to put you down  
(No no)  
'Cause you taught me how to love  
And like a bee, I need your honey  
(I need you, I need you, I need you)  
'Cause I'm hungry you started me  
Listen

There's nothing in this world  
Means as much to me as you do  
Everywhere I go on earth in and out of town

Everybody knows  
(It's all about you)

It's so messed up, I put you before my mother  
It's so messed up, I put you before my daughter  
It's so messed up, I put you before my son  
Now I'm in need, in need of someone

See the sun is going down  
And I'm falling out of love  
I don't want to put you down  
'Cause you taught me how to love  
And like a bee, I need your honey  
(I need you, yes I do)  
'Cause I'm hungry you started me

Said the sun is going down  
(On me baby)  
And I'm falling out of love  
(I don't wanna)  
I don't want to put you down  
(Never wanna walk away and leave you girl)  
'Cause you taught me how to love  
And like a bee, I need your honey  
(I need you, I need you, yes I do)  
'Cause I'm hungry you starving me  
Listen

When it's cold outside, baby  
I won't be there to keep you warm, lady  
I know you're gonna miss me  
(You're gonna miss my love)  
I know you're gonna miss my love  
(You're gonna miss my time)  
Somebody say a prayer for me  
(You're gonna miss my love)  
I know you're gonna miss my love, yeah  
(Gonna miss gonna miss gonna miss my love)

Gonna hide summer nights  
(You're gonna miss my love)  
You're gonna miss me  
(You're gonna miss my love)  
I know you're gonna miss my love  
(Gonna miss, gonna miss, gonna miss my love)

Said the sun is going down  
(Said the sun is going down)  
And I'm falling out of love  
And I don't want to put you down  
(I don't, I don't wanna put you down, oh no)

'Cause you taught me how to love  
And like a bee, I need your honey  
(I need you yeah)  
'Cause I'm hungry you starving me

Said the sun is going down  
(Yeah)  
And I'm falling out of love  
(I need you)  
I don't want to put you down  
(Oh no)  
'Cause you taught me how to love  
And like a bee, I need your honey  
(I need you yeah)  
'Cause I'm hungry you starving me

Said the sun is going down  
(Said the sun is going down yeah)  
And I'm falling out of love  
(Said the sun is going down)  
I don't want to put you down  
(Hmm)  
'Cause you taught me how to love  
And like a bee, I need your honey
