I feel sexy tonight, do you feel sexy tonight?  
Tell me, is it real, baby?  
I wanna hit your switches, turn you on  
Baby, come on  
For this you're gonna need a good partner  
And if you're lucky you just might find a good lover  
Who can make a dream feel real, so sexy and clear  
Take her and take him by the hand  
Look your partner in the eye  
When you twist her body side to side  
If you can take a chance, you can find romance  
Feels like we're sexin' when we dance, yeah  
So sexy girl  
Baby, my body understands  
Feels like we're sexin' when we dance  
The way your body moves, well, it's really turnin' me  
As I'm turnin' you, you got looks that can kill  
(Baby, the truth I wanna say)  
Now I'm sure we're gon' last  
You got looks that can kill  
(Baby, I want your body, girl)  
If everybody left, just you and I  
Be together like the sun and moon  
Be floatin' in the sky, yeah  
Look your partner in the eye  
When you twist her body side to side  
If you can take a chance, you can find romance  
Feels like we're sexin' when we dance, yeah  
Baby, my body understands  
Feels like we're sexin' when we dance  
DJ's playin' my song, hey  
I been waitin' all night long  
And I want you, honey  
Baby, I'm ready  
I wanna get you at home  
Oh, do you, you, you, you?  
If everybody left, just you and I  
Be together like the sun and moon  
Be floatin' in the sky, yeah  
Look your partner in the eye  
And then you twist her body side to side

If you can take a chance, you can find romance  
Feels like we're sexin' when we dance, yeah  
Baby, my body understands  
Feels like we're sexin' when we  
Look your partner in the eye  
When you twist her body side to side  
You can take a chance, you can find romance  
Feels like we're sexin' when we dance, yeah  
Baby, my body understands  
Feels like we're sexin' when we dance  
So good, so good, girl
