Listen, as I look into the galaxy
Can't help but wonder what this means to me
Gazing at Venus and Mars
Jupiter and the stars
A new horizon slowly
I've seen shallow waters
Made some sons and daughters
Had my highs and lows
Came face to face with blows
But as I reminisce on things like this
I'm beginning to see sweet victory
I can almost taste it

[Chorus:]

I want more, I want some more
I want more, I want some more
I want more, I want some more
I want more

Listen, now I may never be a super hero
'Cause in this world we live in
I'm just an average negro

Tryin' to get a race
On this over crowded stage
Doin' what ever it takes (1st, 2nd, 3rd)
To come in (1st, 2nd) or any place
Because the world we live in
(Sure ain't giving up nothing) yeah, no
So as a brotha I'm stretching like a rubber band
(Angel) take my hand
'Cause I'm a man for sure

[Chorus x2]

Found myself
I can't stop what's my destiny
Success is the only thing that I can conceive
I gotta have some, gotta have some
I gotta have some, gotta have some more
I want some more

[Chorus (repeat to fade)]
