Is that a tear I see?
He hurt you again, Didn't he?
Chorus:
Looks like you've been cryin'
Seems like it won't end (shaa daa daa daa dwee dwee
dwee)
All the lying - cheating (and his deceitful ways)
And all that talk about
How he's never gonna hurt you again

Verse 1:
Pain - is sucha funny thang
Cuz when it hurts it hurts
But when it leaves it goes
So it's better - to hurt a little bit now
Than to be so far gone
And hurt a whole lot tomorrow

Chorus:
Looks like you've been cryin' (I can tell, I can tell, I can
tell)
Seems like it won't end (all of the lying umm umm)
All the lying and cheating
And his deceitful ways
And all that talk about
How he's never gonna hurt you again

Verse 2:
I'm not here to sleep with you
After what you've been through
I mean really
I'm here as your friend
Cuz he knows
That you're so vulnerable
And it doesn't surprise me at all
That he could treat you so cruel (umm, umm)

Chorus:
Looks like you've been cryin' (you can't hide it - no, no,
no)
Seems like it won't end (ha, all of the lying yeah, yeah)

All the lying - cheating (and all his deceitful ways and
all that talk about)
And all that talk about (umm humm)
How he's never gonna hurt you again (said it looks like)

Chorus:

Looks like you've been cryin' (let me wipe that tear
away yeah)
Seems like it won't end (all the lying)
All the lying - cheating
And his deceitful ways (and all that talk about)
And all that talk about (don't talk about it)
How he's never gonna hurt you again (ooh, yeah)

Hook 2 x's:

Here's a shoulder (shoulder) to bag your stress (your
stress)
Baby lay your head upon (my chest) my chest
(hooooohhhh)
You never ever have to cry no more
Cuz that's what friends are for (yeah)

Chorus:

Looks like you've been cryin' (I don't wanna see you
cryin' baby no, no)
Seems like it won't end (all, all the lyin')
All the lying - cheating (his deceitful ways all)
And all that talk about

Seems like it won't end (ho ooh oh ooh ohh ohh yeah,

Looks like you've been cryin' (you've been hurting for
too long babe)

Seems like it won't end (and there's no reason, no
reason when there's a shoul')
