I walk along the avenue with Auburn hair and tormal eyes i never thought I'd meet a girl like you I just ran, I ran all night and day and I ran I ran so far away the kind of eyes that hypnotize me through I couldn't get away a cloud appears above your head a beam of light comes shining down on you the cloud is moving nearer still Aurora Borealis comes in view and I ran I ran so far away I just ran, I ran all night and day I couldn't get away reached out a hand to touch your face reached out hand to try again i'm floating in a beam of light with you you're slowly disappearing from my view I couldn't get away I just ran, I ran all night and day and I ran I ran so far away I just ran, and I ran I ran so far away I couldn't get away
