There will never be an ending
There's always change
So all those things you've been defending
Been rearranged
And it's so hard to talk to you
You're never there
With my adjusted way of thinking
I should have gone
Now I know that nothing lasts forever
So long
Everythings gonna be that much better
Now I know that nothing lasts forever
Everythings gonna be that much better
You're the one that should be saying sorry
All you ever do is make me want to talk to you...
And these are moments I can't get over
So how can you
Ever look over your shoulder
Find something new
Or are you playing mass defence
With all i own
You can only take the beatings
Don't prove me wrong
Now I know that nothing lasts forever
So long
Everythings gonna be that much better
Now I know that nothing lasts forever
Everythings gonna be that much better
You're the one that should be saying sorry
All you ever do is make me want to talk to you oh oh
When will you talk to me? oh oh
And that's why
When we talk about the past
I could sit with you for hours.
And that's why I say
We will never be the same
But i can't explain forever
Nothing ever stays the same
Feelings just get in the way
Every hour of every day
And there's no more left to say

You can watch your colours fade
But you can't sit still forever
No you can't sit still forever...
No you can't sit still....
Now I know that nothing lasts forever
Everythings gonna be that much better
You're the one that should be saying sorry
All you ever do is make me want to talk to you oh oh
When will you talk to me? oh oh
All you ever do is make me want to talk to you oh oh
When will you talk to me? oh oh
