Jebediah - Work in Progress
=====

Verse 1:

Every days a drama
Did you think that i don't know that?
Is it any wonder
I don't wanna talk about it?

Pre-Chorus:

security ???
that's a fine fine line
anything to keep you mine

Verse 2:

And it makes us all laugh
did you think i find it funny
how much is enough?
did you think that this is easy

security ???
that's a fine fine line
anything to keep you mine

Chorus:

Everyday i step outside
it brings me to my knees
this is no work in progress

Verse 3:

Every days a drama
did you think that i don't know that
is it any wonder
i don't want to talk about it

security ???
that's a fine fine line
anything to keep you mine

Everyday i step outside

it brings me to my knees
this is no work in progress

Every days a drama
Did you think that i don't know that?
Is it any wonder
I don't wanna talk about it?

security ???
that's a fine fine line

Everyday i step outside
