Give me time to care  
The moment's here for us to share  
Still my heart is not always there  
What more can I say to you

Could I lie to you  
I'm just too weak to face the truth  
Now I know I should make a move  
What more can I say

How can I fall, how can I fall  
When you just won't give me reasons  
When you just won't give me reasons at all

When all faith is gone  
I fight myself to carry on  
Yes I know of the harm I do  
What more can I say to you

Now I hold this line  
I know the choice to leave is mine  
I can't help what I feel inside  
What more can I say

How can I fall, how can I fall  
When you just won't give me reasons  
When you just won't give me reasons at all

I'll follow through, I'll say I do  
When the time is far more right for you  
I'll make that move, and when I do  
Will I doubt again, the way I do

How can I fall, how can I fall  
When you just won't give me reasons  
When you just won't give me reasons at all

How can I fall, how can I fall  
When you just won't give me reasons  
When you just won't give me reasons

How can I fall, how can I fall  
When you just won't give me reasons  
When you just won't give me reasons

Just won't give me reasons  
Just won't give me reasons at all

How can I fall, I fall, I fall  
How can I fall for you

How can I fall, how can I fall  
When you just won't give me reasons  
When you just won't give me reasons
