## "It's Over"

Visit "[It's Over](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Long ago in days gone by  
It was much simpler for the guy  
And when The Cure sang "Boy's don't cry"  
I said I had something in my eye  
You were right when you said I was wrong  
It's over  
And right before the storm I told you everything  
I know that's not good form but feeling is the most  
peculiar sport  
I might get bored but I could never tell you that it's over  
Spent too long staring out for stars  
I lost control and crashed my car  
I hadn't even got that far  
Left my good fortune at the bar  
You were right when you said I was wrong  
It's over  
And right before the storm I told you everything  
I know that's not good form but feeling is the most  
peculiar sport  
I might get bored but I could never tell that it's over  
It's over.
